If your meeting starts after 5PM or on a weekend, please observe these changes:

AFTER 5pm or on a weekend, you must use the outside stairs on the other end of the building. The library (downstairs) locks the front door at 5pm no matter what...

Since it will probably be dark, here is my suggestion:

- When you drive into the parking lot, park on the end of the building closest to where you drive in.
- There's a signboard - usually with nothing on it - right near the sidewalk and in front of the outside stairs.
- Walk up the stairs and knock at the door at top. The meeting will either be in that big room or at the other end of the hall.
